Split ViewGive two apps your undivided attention Running lots of apps at the same time is one of the great things about using a Mac.. And when you have lots of windows competing for screen space, it's even easier to make more room for them.. It automatically fills your screen with the two apps you choose So you can make dinner plans with a friend in Messages while finding the restaurant in Maps.. And your desktop is always just a swipe away, so it's easy to get back to everything else you were doing. [Tune Up Utilities 2008 Free Download Full Version](#)

Focusing on just one app in full-screen view is another With Split View, you get the best of both.. With a single swipe, all the windows on your desktop arrange themselves in a single layer, with nothing stacked or hidden.. That includes Safari, iTunes, iBooks, Messages, Mail, Calendar, Photos, and FaceTime. [Pss For Mac](#)
